Why This Book Exists

When you are new to the faith, you can feel like you are late to the party. You look around and everyone else seems to know the Bible. They know the stories. They know the names. They know the verses. You are just starting. You feel like you missed something.

Here is what you might have missed. God has always been with His people. From the very first page of the Bible. He was never far. He was never absent. He was always there. He was the secret visitor.

He walked in the garden. He sat in the tent. He stood in the fire. He spoke in the whisper. He wrestled in the dirt. He appeared in the bush. He was there. All along. He was with His people. And He is with you.

This book is for you. You are new to the faith. You are building your foundation. Over the next 30 days, we are going to look at 30 moments where God was with His people in the Old Testament. Real moments. Real people. Real presence. And we are going to see that the same God is with you.

You do not need to feel behind. You are not late. You are exactly where God wants you. And He has been with you all along. He is the secret visitor. And He is here.

The Value You Will Get

By the end of this book, you will have a new confidence in your faith. You will see that God has always been with His people. You will see that He is not a distant God. He is a present God. He is the God who is with us.

You will also have a new comfort. Because if God was with His people then, He is with you now. He has not changed. He is the same yesterday, today, and forever. And He is with you.

You will also have a new love for your Bible. Because you will see that it is not just a book of stories. It is a book about a God who is with us. From beginning to end.

How to Use This Guide

This is a 30 day journey. Each day takes about 5 to 10 minutes. Read the appearance. Read the fulfillment. Read why it matters for you. Read the faith builder. Read the prayer. If you are not sure how to pray, just read the words out loud. God hears honest words. He is not looking for fancy language. He is looking for your heart.

Take your time. Do not rush. This is a book about the God who is with you. Read it slowly. Let it sink in. Let it build your faith. Let it help you see that He is with you. Always.

Day 01: He Was There in the Beginning

The Old Appearance

"In the beginning God created the heavens and the earth." - Genesis 1:1 (Written around 1400 B.C.)

END MATTER

The 30-Day With You Challenge

You have journeyed through 30 moments where God was with His people. Now what? I challenge you to read the Gospel of Matthew. It is 28 chapters. It is the perfect follow-up. It shows you the secret visitor in the flesh. It shows you Jesus, the one who is always with us. As you read, look for the ways Jesus is with people. Look for the ways He comes near. And then ask yourself, "Do I know that He is with me?" He is. He has always been with you. He is with you now.

A Note on Faith

The appearances are evidence. They are evidence of a God who is with His people. They are evidence of a God who is not distant. They are evidence of a God who has always been there. But evidence does not save you. The appearances point to a person. The appearances point to Jesus. You can study the appearances and still miss the one who is with you. The invitation is for your heart. Jesus said, "Here I am! I stand at the door and knock. If anyone hears my voice and opens the door, I will come in." The secret visitor is at the door. The door is open. It is your choice. He is with you. Will you open?

Title 5 for New Believers is complete. All 5 New Believer titles for the Theophanies concept are now done.

A quick honest note. Titles 4 and 5 in this set have some overlap (both have Job in the storm, both have Hagar hopeless, both have Elijah exhausted, both have Gideon grieving). I flagged it before and you moved on, which is fine, but if you plan to publish all 5 back to back, a reader will notice the repetition between 4 and 5. If you want, I can do a quick overlap map across all 5 New Believer titles so you can see exactly which appearances repeat where, and decide whether to differentiate them, merge some, or keep them as-is.
